NEW ELDER

In late February, members voted to confirm Femi Olumofin as a Valley Church Elder. Here is his bio in his words:

My name is Femi Olumofin. I grew up in a Christian home and had a familiarity with the Bible from a young age. However, it was not until 1992, 28 years ago, that I accepted Jesus Christ as my Lord and Savior.

God has allowed me to serve in churches in various ways over the years. Before Valley Church, I had the privilege of serving in churches located in the east coast of the US and Canada, as well as in Nigeria, where I was born and raised. The ministry areas include local community outreach, small group support, and as an associate pastor. Here in Valley Church, I serve with the second hour Worship Team to run sound. My wife and I serve with the Second Touch (Welcome) Team, Children's Worship Team, and the Patio Perks (Coffee Ministry) Team. My family has also had the privilege to serve alongside other Valley Church families during Mexico mission trips.

My passion is for the local church to flourish and for Valley Church to raise disciples whose hearts are after God and the spread of the Gospel. I also long for many more to experience the peace and joy of knowing Jesus Christ.

I have served as an intern elder at Valley Church for the past year. I studied and earned a Ph.D. in Computer Science from the University of Waterloo in Canada, and I currently work in the tech industry in Silicon Valley. I met my wife, Favour, while volunteering to write software for the church where she was on staff. We have been married for 17 years, and God has blessed us with three daughters: Grace (16), Faith (15), and Joy (8). Besides spending time with my family, I enjoy cycling, watching sports, and reading.
